ABOUT PMMMNMTT

The Ministry of Human Resource Development (MHRD) launched the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNMTT) in 2017. One of the main objectives of this mission is to facilitate teacher training by constituting Teaching Learning Centers in various institutions of higher education in our country. The Teaching Learning Centers (TLCs) are mandated to promote on a continuous basis the learning of new pedagogical practices, methodology of forming discipline-specific curricula and creating new learning materials (including e-content) for use by the teachers in colleges and postgraduate departments. It is envisioned that the TLCs will accelerate the teaching-learning process by encouraging independent critical and creative thinking and facilitating research for subject-specific growth.

CONCEPT NOTE

The teaching and non-teaching staff are the 2 pillars of strength in any academic institution. They work in tandem with each other to ensure that their institution achieves excellence and supremacy in every domain of education. For their undying support and loyalty, it is the responsibility of every academic institution to conduct workshops/seminars that can boost morale and confidence of its employees.

E-learning is a formalized way of teaching-learning but with the use of electronic resources. With the onset and advancement of technology, the concept of e-learning is fast gaining pace and momentum thus making it widely acceptable by people from all walks of life. Owing to the COVID-19 pandemic which has resulted in the temporary closure of educational institutions across the globe, e-learning is one arena which has remained unaffected and instead has witnessed an exponential increase in it. More so, with the Ministry of Human Resource Development (MHRD), Government of India, launching an initiative like 'Digital India' and the recently launched 'Bharat Padhe Online' campaign to sensitize and digitize India about the need for online education, it is the need of the hour for all educational institutions to facilitate dissemination of knowledge through e-resources.

Ramanujan College, in the year 2019, conducted the first one of its kind of a Three Days workshop for the Non-Teaching Staff to instill and impart morals, values and ethics to develop a positive attitude and mindset for holistic growth and development. This workshop was very much liked and appreciated by one and all which has prompted us to conduct an e-workshop for the both the non-teaching staff and the teaching staff primarily involved in administrative tasks. This leads to the question of:

Why Should the Teaching Fraternity also join this workshop?

- ❖ Nowadays, teachers are involved in a bulk of administrative activities (apart from regular teaching) like record keeping, settling bills of various activities/events, administering exams, preparing minutes of meeting, preparation for NAAC, stocktaking etc. Attending such a workshop will give them a know-how of the tools which can reduce their burden of work.

Being in a state of complete isolation has taken a toll not only on our mental and physical wellbeing but has also resulted in monotony and boredom. There is a vast

difference between e-learning and e-training, where the former imparts knowledge, the latter inculcates practical and hands-on experience to the learners. This workshop aspires to bridge the gap leading to a wholesome and well-rounded person. Unlike the previous one, the most striking feature of this workshop is its virtual engagement with all participants/learners.

The period of lockdown has made one thing noticeably clear to all of us: Work can never stop under any circumstances. Thus, giving rise to the concept of **Work from Home (WFH)**. WFH, to be explained in a nutshell, means the practice of working from your place of comfort and meeting job related deadlines and deliverables as should be the case when you are physically present in the office. This was very much prevalent in the private sector but not much actively used in the public sector. The pandemic has made us realize that work can be performed from anywhere thus erasing all geographical boundaries and regions.

This leads to the following discussion of:

Benefits of this Workshop

- ❖ **Flexible Schedule:** You can take breaks at any moment while going through the course material to complete other chores sitting in the backdrop of your cozy environment
- ❖ **Good Work-Life Balance:** You can strike a balance between your professional life and personal life by tending to the needs of the family as well as work i.e .attending this workshop
- ❖ **Zero and hassle-free Commuting:** Instead of going through the chaos on roads every time to attend an event, attending an online event like this workshop prevents you from the hassles of travelling

As you would very well know, such workshops for easing our administrative tasks are quite unheard of and a rarity too. The knowledge that will be imparted through this workshop will stay with you forever and in case of a lockdown or not, you will be able to apply it conveniently from anywhere at any time.

And as they all say that the virus is here to stay with us for long so who knows when this lockdown will get lifted or get extended again. So, this is the best time to grab such an opportunity and make the most out of it.

CODE OF ETHICS FOR THE TEACHING AND NON-TEACHING STAFF

- ❖ *By being loyal and faithful to the College in completing all the duties that have been assigned to you*
- ❖ *By strictly adhering to the rules, regulations, policies of the College*
- ❖ *By treating students, staff and colleagues with dignity and respect*
- ❖ *By building strong and healthy relations to ensure that the operational functioning of the college does not get hampered*
- ❖ *By ensuring that every task performed must meet the required standards and quality of work should not be compromised*
- ❖ *By not indulging in unfair or unethical means which could earn a disrepute for the College*

OBJECTIVES OF THE WORKSHOP

- ❖ *Hands on Training on the following software tools:*
 - *Advanced features of Word Processing and Spreadsheets*
 - *Google Forms*
 - *Google Sites*
 - *Digital Signatures*
 - *Mail Merge in Gmail*
 - *Preparing minutes through audio tools*
 - *Task Management*
- ❖ *Revised NAAC Assessment and Accreditation: Preparing documentation for NAAC*

EXPECTED LEARNING OUTCOMES

- ❖ *To systematically keep track of the past records*
- ❖ *To extract the useful information from vast collection of data*
- ❖ *To equip yourself to prepare NAAC documentation with ease*
- ❖ *To utilize these tools in the administrative work to the best of your knowledge which facilitates understanding the complex nature of your work*

PRE-REQUISITES FOR THE WORKSHOP

- ❖ *Anyone with basic knowledge of ICT and usage of internet can be a part of this workshop*
