Whispering Hills Literary Society

Government General Degree College at Pedong is a newly established college (2015) situated at Pedong, which is a hilly region. The surroundings of the college are simply awe inspiring. The natural scenic beauty with all its mountains, rocs, cliffs, zigzag ways, rivers, rains, fog, colourful orchid and flowers and singing birds. Indeed, the backdrop merits a rich tapestry for creative experiments in writings. But as the college is 22 km away from the sadar town Kalimpong. So the students feel isolated. Again, most of the students are first generation learners. So a literary society entitled **Whispering Hills Literary Society** is formed in 2019 to encourage our students to showcase their talent. It provides the students and sometimes some local enthusiastic people with the platform to realize their latent potentialities. Moreover, the society aims at nurturing the local culture and heritage by organizing various cultural and other creative programmes. However, it is remote area, as said before, having environmental and weather issues, so it is a challenge to continue such creative activities in full swing. However, the society has been catering to the literary sensibility and the demand of representation of local cultural heritage with a considerable success.

Objectives of the Practice:

1. To provide a platform to the students making them engaged in creative activities,
2. To enhance their creative faculties,
3. Providing them with opportunities to showcase their latent talent and capabilities,
4. To foster and promote local culture and tradition in both the languages: Nepali and English,
5. To engage local people as well so that they can create a healthy environment for education.

Ref. No.:

Date: 02.03.2019

Minutes of the Meeting

A meeting was held in the staff room at 1:30 pm on 02.03.2019 to form a literary society to be operated in both the languages: Nepali and English. After some discussion, Dr. Yousuf Ali proposed that the society may be named Whispering Hills Literary Society (WHLS). And the name was accepted and finalized unananimously. Then a resolution was also passed to form the executive body of the society, and the following is the detail portfolio of the body of the society:

1. Mr. Navin Poudyal, Officer-in-Charge, will act as the Patron, WHLS,
2. Mr. Laxuman Sherpa, Assistant professor, Dept. of Nepali, will act as the President, WHLS,
3. Miss. Rippani Lepcha, Assistant Professor, Dept. of English, will act as the Secretary, WHLS,
4. Dr. Yousuf Ali, Assistant Professor, Dept. of English, will act as the Programme Director, WHLS,
5. Mr. Dipesh Lama, Assistant professor, Dept. of Nepali, will act as the Jt. Secretary and Treasurer, WHLS,

Members Present:

1. Mr. Navin Poudyal, Officer-in-Charge, *Navin*
2. Mr. Samiran Mandal, Assistant professor, Dept. of Physics, and Coordinator, IQAC *Samiran* 2/3/2019
3. Mr. Laxuman Sherpa, Assistant professor, Dept. of Nepali, *Laxuman*
4. Miss. Rippani Lepcha, Assistant Professor, Dept. of English, *Rippani Lepcha*
5. Dr. Yousuf Ali, Assistant Professor, Dept. of English, *Yousuf Ali*
6. Mr. Dipesh Lama, Assistant professor, Dept. of Nepali, *Dipesh* 02/3/2019

Best Practice -2

Best Use of College's Overflowing Perennial Source of Water and Eco-friendly Manure pit to be Given to Some Needy Local People

Government General Degree College at Pedong got excess of water from natural perennial source instead of ground water through various water channels. Water even overflows from our college tank. On the contrary, some areas below our college do not get adequate water around the year. Particularly, during March to May every year local people suffer from water crises. And as our college uses water during only the college/official hours, so unused excess water overflows from the college tank. So the college has created a mechanism/channel to utilize the water. Our college has adopted the practice to supply water to the local people who suffer from scarcity of water for their washing and cultivation purpose to some extent. Again the college has a chamber to decompose different tree leaves which are cut during NSS cleaning drive, and a portion of which is used for the college trees and the rest is distributed among the local people for their vegetation purpose. Therefore, the college undertakes efforts to serve the local community in this way as well.

The main objectives are:

1. To make best use of the overflowing water,
2. Helping some local people with water during water crisis.
3. Providing water for some cultivation/vegetation to some extent,
4. Distributing manure pit among some needy local people for their use as a natural source of fertilizers for their cultivation. and thus to serve the local communities.
